Briefly explain why are you interested in serving on this board or commission?

I have been an attendee of BPAC meetings for over a year and see the demand for strong representation of the rights of pedestrians and bicyclists in the city of Fresno. This committee is a wonderful way for the community, public works and representatives from the different council districts to come together to discuss important issues. I am a lifelong active transportation user and am inspired to help support the continued discussion on these important matters. Incoming councilmember Tyler Maxwell is having a great platform on conserving and I would love to align my passion to advocate for active transportation by working with him to implement his vision to leave Fresno a better place. My workplace is located in district 4 and I have many contacts at Fresno State with whom I am working on a continued basis, among other on active transportation, which make me an ideal candidate to support the work on BPAC as representative for district 4.

Educational background, Schools Attended, Degrees and Certifications

Science Po Lille, France, Certificate of Political Studies, 2006 Heidelberg University, Germany, M.A. in Political Science, Public Law and Social Anthropology, 2008
