COUNCILMEMBER REPORTS AND COMMENTS

Councilmember Soria reported on the Central Unified School District swim program where the contract was approved at the last council meeting. She reported that for the first week, the swim lessons were filled to capacity. She thanked her colleagues for supporting this effort because the need was there and it's creating a lot of positive buzz in the community.

Councilmember Quintero informed City Manager Rudd that he is getting calls from the neighborhoods between Kings Canyon, Tulare, First and Cedar. The concern is that City crews are out there doing clean ups and

tree trimming and they have been told they are moving the garbage pick-up from the alleys to the streets and the concern is there was no public hearing or community meetings and they would like to be informed of what is going on. There is also concern about the age of the trees particularly on Huntington Blvd. Jackson School is usually where they hold their community meetings. You might be able to arrange something to notify the citizens of what is going on. Public Works has begun to tear up the street on Eden Avenue by Fresno Pacific to redo the street; thank you for that they are really doing a great job, however if they can contact the Director or Assistant Director at Twilight Haven, they have a lot of parking along the Eden Avenue side of the Street. They would just like to know what the timelines are. They say they called a few times and have not gotten a response. They are thankful for the work being done.

Council President Caprioglio thanked Scott Mozier, Director of Public Works and his team because he recently received a really nice email and wanted to compliment them. Council President Caprioglio read a quote from the email: "the crew that recently replaced the surface of that portion on Sixth Street should be commended for their excellent and expedient way they completed those repairs. It makes me proud to be a Fresnan". That was from Mr. Dubrose. He thanked Mr. Mozier for making him and the City look good.

President Caprioglio reported that he had the opportunity to attend a ribbon cutting ceremony at Granville's Home of Hope located in District 4 at Shields and Fowler. He thanked the vendors who donated it publicly. The Home of Hope was introduced eleven years ago to raise money for those less fortunate than us. They highlight various organizations each year on a rotating basis. The charities that will benefit are Community Food Bank, Poverello House, Assistance League, Foundation for Central Schools, Hinds Hospice, Foundation for Clovis Schools, The Renaissance Scholars for Fresno State which helps young foster children once they reach adulthood, it is difficult to get into the University scene. This Renaissance Scholars program will steer promising students toward the University. Also the beneficiary is the Foundation for Sanger Schools, EPU Children's Center and the Fresno Police Chaplaincy Program. More information can be found at www.gvhomeofhope.com. Last year they raised \$475,000. It is \$100 per ticket the more tickets you buy, the better the opportunity to win this \$375,000 home.
