RECOMMENDATION

It is recommended Council adopt the resolution to accept the 2021 SAFER Grant for \$7,246,600 and authorize the Fire chief, or designee, to complete all required documents.

EXECUTIVE SUMMARY

On January 27, 2022, City Council approved the Fire Department to apply for the 2021 SAFER grant to recruit twenty-four (24) new members. The grant reimburses the City 100% of salaries and benefits of each recruit for a period of 36 months. On December 00, 2022, the department was notified it had been awarded a grant in the amount of \$7,246,600. A City Council resolution is required to enable the department to process the grant and receive payments of the grant proceeds. The grant will also reimburse for any increases in salary levels resulting from negotiated labor agreements occurring after the initial application process.

BACKGROUND

Actual reimbursement from the grant will be increased in accordance with any subsequent labor agreements occurring after the initial application process. After the grant period of performance is completed in August, 2025, ongoing estimated costs will be \$3,341,000 per year.
