EXECUTIVE SUMMARY

The City of Fresno has been awarded grant funds of \$320,000 from the U.S. Department of Justice, through the Office of Justice Programs Office of Juvenile Justice and Delinquency Prevention (OJJDP) to provide direct treatment services to the victims of gang violence in Qualified Opportunity Zones within the City of Fresno. The grant period is from October 1, 2019 to September 30, 2022.

BACKGROUND

In Fresno County there has been a long and deep-rooted history of gangs and gang violence. Recent statistics from the Multi Agency Gang Enforcement Consortium (MAGEC) indicate there are an estimated 25,871 validated gang members and associates in 141 established gangs within Fresno County and 55 percent residing within the boundaries of the City of Fresno. According to the Fresno Police Department Monthly Uniform Crime Reporting (UCR) data indicates that in 2018, 69 percent of murders were gang related compared to 50 percent in 2017. In 2018, 692 trauma patients (16 percent) were seen at Community Regional Medical Center (CRMC) following an assault.

The Fresno Police Department intends to enhance existing programs that have resulted in a positive impact on the lives of at-risk youth in the City of Fresno. The programs are FPD's Violence Intervention & Community Services (VICS) Unit, Fresno County EOC Tattoo Removal Program, The Current Church Hospital Based Violence Intervention Program and CARE Fresno. We will incorporate comprehensive community based services and activities, confidence building, life skills, leadership development and hospital based programs to engage victims of gang related violence. These programs will provide an extensive approach to violence prevention and intervention services for victims of gang related violence within our city.

The VICS full-time grant funded Staff Assistant will support Hospital-Based Violence Intervention Program (HBVIP) Crisis Responders with services referrals, Tattoo Removal Program (TRP) participant intake, enrollment and treatment process as they are identified, including recommendations for resources through case management. The HBVIP is supervised and managed by The Current Church Inc. Project Restore and Fresno Community Regional Medical Center (CRMC). In our community, violence is a perpetual cycle. To combat this, a collaborative effort with the FPD was developed to recognize violence and intervene at the local medical trauma level.

CARE Fresno is devoted to their neighborhood through holistic ministries. CARE Fresno's goal is to create safe and healthy communities by training site leaders to live in gang infested neighborhoods. Apartment complexes are identified by FPD computer crime analysis of gang related calls for service. CARE Fresno initiates contact with the apartment complex manager, develops a partnership, trains and assigns a facilitator, and creates a community center within the complex. Trained facilitators live on-site and work with the residents.
