REPORT TO THE CITY COUNCIL

April 27, 2017

FROM: STEVE BRANDAU, Councilmember for District 2
City Council Offices

SUBJECT

RESOLUTION - In support of Assembly Bill 258, Fresno County child care subsidy pilot program

RECOMMENDATION

EXECUTIVE SUMMARY

AB 258 is a legislative pilot program would authorize Fresno County to develop and implement an individualized county child care subsidy plan until January 1, 2025. This individualized plan would enable Fresno County child care services to retain Title 5 state child care subsidies that currently have to be returned to the state on an annual basis.

BACKGROUND

Fresno County serves approximately 13,922 children in state subsidized child care programs. Unfortunately, existing law does not reflect the fiscal reality of living in Fresno County which results in reduced access to quality child care. Due to the minimum wage increase and that provider reimbursement rates are insufficient to cover the cost, allocated child care subsidy funds are not fully utilized or expended.

Fresno County's Local Early Education Planning Council approximates that \$9.6 million under Title 5 state subsidized child care contracts had to be returned to the state for FY14-15, roughly translating to 1,300 Fresno County children who otherwise could have been served.

AB 258 is modeled after AB 833 (2015) as well as other similar pilots. Like similar pilot projects before, AB 258 would give Fresno County limited local flexibility to maximize allocated funding and efficiently use child care subsidy funds in order to meet local conditions.

Further, AB 258 would allow child care providers to better meet the needs of children and working families, improve access to state subsidized child care programs, and strengthen the fragile child care and development infrastructure without requiring additional state funding.

This bill does not change the total amount of funds allocated to Fresno County for subsidized child care.
