## EXECUTIVE SUMMARY

In 2018, the City entered into agreements with Michael Baker and Usona as consultants for the comprehensive administration of local HUD Office of Community Planning and Development (CPD) programs. This action will provide a continuation of services at the same hourly rates through June 30, 2020. The annual cost of services for Michael Baker is \$113,000 bringing the two year total to \$226,000; the annual cost of services for Usona is \$304,510 bringing the two year total to \$609,020. The City's Housing and Community Development Division (Housing Division) recommends the retention of the consultants with expertise and experience for an additional year to continue successfully administering the HUD programs.

## BACKGROUND

The City participates in the HUD CPD programs for Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), HOME Partnership Program (HOME), and Housing Opportunities for People with AIDS (HOPWA). The City receives an annual allocation of approximately \$11,000,000. The experienced consultant teams provide the City the expertise in the comprehensive program administration and implementation, development, and coordination of programmatic plans, and performance reports. Usona Development, LLC has provided valuable support and training to subrecipients and division staff. This includes regulatory framework related to financial management, planning and reporting, labor standards and compliance, eligibility requirements, procurement, and subrecipient monitoring and risk analysis. The imbedded resources along with their supervisor provide hands-on know-how through project review, oversight and planning alongside staff. This builds capacity as well as improves knowledge of HUD regulations. The consultant also brought the City into compliance with Federal Transparency Act Reporting requirements and will provide in-office and on-site training for the new Rehabilitation Specialist.

Michael Baker International provides ESG, HOPWA, CDBG and HOME TBRA subrecipient training for compliance with federal regulations. This consultant also brought the City into compliance with the state of California Division of Industrial Relations (DIR) contractor registration requirements along with federal WBE/DBE and Section 3 regulations. Additionally, the consultant will provide in-depth training for a City staff member to administer the ESG, HOPWA, CDBG and HOME TBRA programs.

With the assistance of the consultants, the Housing Division made considerable improvements in its

performance in accordance with HUD's strict standards. This year's accomplishments include:

- The City met HUD's timeliness test for program performance the first time in three years;
- The City submitted the Annual Action Plan before the required deadline;
- The City made substantial progress in closing the Office of Inspector General Audit Findings;
- The City provided financial and technical assistance to over ten non-profits throughout the community.
