I'm writing about Annexation Application No. P24-02150 because I strongly oppose the proposed zoning change that would allow buildings up to 35 feet high and as many as 12 dwellings per acre. I believe this increase in density is out of scale with the character of our neighborhood and will negatively impact traffic, parking, and overall livability. I respectfully ask the Commission to maintain the existing zoning standards to preserve the community's quality of life.

Thank you,
Makenna Weir
