Consideration of Text Amendment Application No. P23-03472 and related environmental determination, amending Section 15-6703 and Article 68 of the Fresno Municipal Code (FMC) relating to Hospitals and Sub-Acute Care Facilities and Terms and Definitions.

1. **RECOMMEND ADOPTION** (to the City Council), of the environmental determination that Text Amendment Application No. P23-03472 is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15061(b)(3) of the State CEQA Guidelines.

6:09 p.m.

Kachadourain made a presentation explaining that under the current Code, a Sub-Acute Care Facility is not defined, described, or included in a particular use classification. The proposed Text Amendment would add Sub-Acute Care Facilities as a term and definition to the Fresno Municipal Code to provide patient care when a patient does not require hospital acute care, but does require, more intensive, licensed skilled care. He went on to give the background of the proposed Text Amendment, recommendations from the District Project Review Committees, public outreach and Staff's recommendations.

Dirk Poeschel, on behalf of the Applicant(s), explained that recommending adoption to the City Council will move his clients closer to being able to perform surgery services and then provide sub-acute care in the same office. He was available for any questions.

No public comment was given.

On motion of Commissioner Calandra, seconded by Vice Chair Bray, that the above Action Item be RECOMMENDED FOR APPROVAL. The motion carried by the following vote:

Aye: 7 - Chairperson Vang, Commissioner Criner , Commissioner Bray, Commissioner Diaz, Commissioner Lyday, Commissioner Calandra, and Commissioner Shergill

 - d. Ministerial approval of new multi-unit residential development in the Office zone district.

6:19 p.m.

Asadoorian-Gilbert gave a presentation on a Text Amendment that proposes to amend Sections 15-1302, 15-4907, 15-5102, 15-6702, 15-6802 of the Fresno Municipal Code, repeal Section 15-1106, and establish Section 15-2742.5 of the Fresno Municipal Code to permit ministerial approval of housing projects. She explained that in April of 2022, the Mayor prepared and presented the One Fresno Housing Strategy, which called for provisions of the Fresno Municipal code, along with a designation from the California Department of Housing and Community Development to commit to amend the Development Code to permit housing in non-residential districts, which would make the City eligible to receive grant funding for a variety of housing

projects and initiatives. She further described the background, environmental analysis, the ministerial approval process, public comments and concerns, recommended modifications to address traffic and safety, and Staff's recommendations.

Commissioners had questions and concerns regarding Zone Clearances, the appeal process, how this will benefit Fresno, and the bypass of the Planning Commission on certain projects. Asadoorian-Gilbert clarified that there will be a clear set of standards that would be added to the Development Code, and Staff would have to review those standards to ensure the project does comply.

Public Comment:

1 member of the public spoke in favor of the Text Amendment, citing the current housing crisis necessitates a more streamlined ministerial approval process.

19 members of the public spoke in opposition of the Text Amendment, citing concerns of traffic, noise, public safety, air pollution, lack of green space, and a strain on public services. They also voiced concerns of streamlining the ministerial approval process and not providing notice to the public regarding projects in the vicinity of their homes.

Asadoorian-Gilbert further explained that this is a City-wide Text Amendment and does not propose development of a housing project, but rather establishes the framework for future development projects, as instructed by City Council to address citywide housing shortages. Commissioners had additional questions and Director Clark clarified that every project needs to meet the standards and the findings in the Development Code.

Roll Call vote was taken.

On motion of Vice Chair Bray, seconded by Commissioner Calandra, that the above Action Item be RECOMMENDED FOR DENIAL. The motion carried by the following vote:

Aye: 7 - Chairperson Vang, Commissioner Criner , Commissioner Bray, Commissioner Diaz, Commissioner Lyday, Commissioner Calandra, and Commissioner Shergill

8:07 p.m.

Holt made an announcement that revisions were made to two exhibits. He continued with a presentation on the project including the location, land use, zoning, proposed tract map, open space requirements, development standards, and Staff recommendations.

Walter Diamond on behalf of the Applicant (Lennar Homes) stated he was excited to move forward with this project that started 6 years ago. In response to Commissioners questions about pricing, he stated it was still early in the design process, but hoping to be affordable options for first-time home buyers.

No public comment was given.

On motion of Commissioner Shergill, seconded by Commissioner Calandra, that the above Action Item be APPROVED. The motion

carried by the following vote:

Aye: 7 - Chairperson Vang, Commissioner Criner , Commissioner Bray, Commissioner Diaz, Commissioner Lyday, Commissioner Calandra, and Commissioner Shergill

VIII-B [ID 25-285](#) Consideration of an appeal regarding the denial of Variance Application No. P24-01598 requesting a variance from the maximum allowable height for a flagpole located at 3028 South Cherry Avenue on the southeast corner of East North and South Cherry Avenues. (Council District 3) - Planning and Development Department.

1. **DENY** the Appellant's appeal and **UPHOLD** the action of the Planning and Development Department Director to deny Variance Application No. P24-01598 requesting the granting of a variance from the maximum allowable flagpole height.

8:19 p.m.

George made a presentation on the project including location, definition and examples of a variance, required findings, public outreach, and Staff's recommendations.

Commissioners had questions regarding other flag poles within the City limits, cause for the relocation of the existing flagpole, and how tall the new Sikh Temple was. Commissioner Shergill explained the significance of the Nishan Sahib, and that the height needs to be prominent signifying the presence of a Sikh Temple (Gurdwara) in the neighborhood, and research he completed related to findings. Director Clark stated that Federal Laws forbid the Planning and Development Department from treating Religious Institutions differently than any other businesses, and Staff was unable to make the required findings.

Applicant spoke of the importance of the Nishan Sahib, stating it is traditionally higher than the roof-line of the Gurdwara to signal to the public that there is a place of refuge, shelter, and meals regardless of religion choice. Commissioners asked if there was any way to attach the Nishan Sahib to the structure, so it would not be a stand-alone fixture.

Public Comment:

7 members of the public, spoke in favor of the appeal citing the Nishan Sahib is a symbol of unity, shelter, food, counseling, and anything smaller would not suit the building.

After much deliberation, the Commissioners felt as though the appeal could be granted based on the findings such as the property is to large, an elevated roadway restricts the visibility of the sign in a heavy industrial area; flat topography; and access issues to the property.

Roll Call Vote was taken.

On motion of Commissioner Lyday, seconded by Commissioner Shergill, that the above Action Item be APPROVED. The motion carried by the following vote:

Aye: 7 - Chairperson Vang, Commissioner Criner , Commissioner Bray, Commissioner Diaz, Commissioner Lyday, Commissioner Calandra, and Commissioner Shergill
