CASE SUMMARY
CODE ENFORCEMENT CASE NO. E26-04602

- 04/02/2026: Case was opened due to violations observed on 04/01/2026 while at the property conducting an inspection on a separate reactive complaint-based case. Case was assigned to me, Inspector Julian Amparo.
- 04/02/2026: Senior Inspector Jazmine Ramirez (Senior Ramirez) and I conducted a search of city records and verified no permits had been obtained for the replacement/installation of the exterior siding at the property that we observed on 04/01/2026. City records also confirmed that the installation of the fence located on the Weber Avenue side of the property observed on 04/01/2026 was not on the city approved site plan and the floor plans for this property show this fence created an egress violation by blocking bedroom windows.
- 04/02/2026: Senior Ramirez and I conducted an initial exterior inspection at the property and observed 7 violations of the Fresno Municipal Code and Health and Safety Code. While at the property we also made contact with units 125 and 126 and confirmed both units were occupied. We spoke to the tenant of unit 126 and left a door hanger for unit 125 due to minors answering the door and no adults being present.
- 04/07/2026: Senior Ramirez and I conducted a search of city records and verified no permits had been obtained for the replacement/installation of the exterior.
- 04/08/2026: I received an email from Jaquellin Ventura, a representative of property manager JD Home Rentals (Ms. Ventura), inquiring about a door hanger that was left for unit #125. Ms. Ventura wanted to know what issues needed to be addressed.
- 04/09/2026: I issued a Notice and Order to the property owners, BDHOV LP, LEHOV LP, WRHOV LP, JDHOV LP (Property Owners) for 7 violations related to the unpermitted exterior siding and fence, and a hazardous tree. The Notice and Order provided the Property Owners with a deadline date to correct the violations by April 27, 2026.
- 04/10/2026: I emailed Ms. Ventura the Notice and Order and photo enclosure.
- 04/13/2026: I received an email from Ms. Ventura stating she would take care of the violations and she would keep me updated.
- 04/20/2026: I emailed JD Home Rentals to follow up on their appeal request asking for more time. I explained I needed to know the scope of work and how much time they needed. I also informed them they needed to resolve the bedroom egress violation as soon as possible.

- 04/21/2026: I received an email from Jovanna Peinado, a representative of property manager JD Home Rentals (Ms. Peinado), stating they were scheduling a “pre-siding report” to further know what permits are required and the bedroom egress violation would be addressed this week.
- 04/23/2026: I received an email from Ms. Peinado, stating they were scheduling a “pre-siding report”. Ms. Peinado also stated the fence was installed due to homeless issues.
- 04/24/2026: I responded to Ms. Peinado’s email and informed her that I could grant a 30-day extension if the owners agreed to (1) make immediate alterations to the fence to allow emergency egress, (2) withdraw the appeal of the Notice and Order, and (3) contact me before the deadline if additional time was needed.
- 04/24/2026: I spoke with Ms. Peinado on the phone, who said she would talk with Bryce (of JD Homes) about withdrawing the appeal and correcting the fencing/egress violation. Ms. Peinado stated they kept the appeal open because the siding permit will take time. I informed Ms. Peinado I can grant an extension if they withdraw the appeal and fully correct the fencing violation to allow emergency egress for tenants in unit 125. Ms. Peinado explained the fence is to deter unhoused individuals. I clarified that the fence can be temporarily modified to allow egress, and future fencing will require permits. Ms. Peinado stated she will discuss modifying the fence and the appeal withdrawal with management on Monday and provide an update then.
- 04/27/2026: I received an email from Ms. Peinado stating the appeal would not be withdrawn, however the fencing would be removed that day. I responded and thanked her for the update.
- 04/28/2026: I conducted an exterior re-inspection at the property and observed violations #2, #3, #4, #5, and #7 had been corrected. Two violations still remained.
- 04/30/2026: I emailed Ms. Peinado the results of my follow-up inspection. I informed her that Notice and Order violations #2, #3, #4, #5 and #7 had been corrected and asked her to provide an update regarding a plan and timeline to resolve the remaining Notice and Order violations #1 and #6 related to the unpermitted exterior siding and hazardous tree.
- 04/30/2026: I conducted a search of city records and verified no permit had been issued for the replacement/installation of exterior siding. Research of city records did show the property owner submitted two pre-stucco applications (B26-04627 and B26-04624) on 04/27/2026. However, the property owners have not scheduled any pre-stucco inspections which would be required before the property owner can obtain permits for the replacement/installation of the siding.

- 05/11/2026: I received an email from Ms. Peinado requesting additional time due to her waiting for the city to respond to having a special inspection conducted at the property. I responded to Ms. Peinado's email explaining to her that she would need to contact building permits to schedule inspections on her pre-stucco applications (B26-04627 and B26-04624). I also requested an update on the plan and timeline for correcting Notice and Order violation #6 related to the hazardous tree. Ms. Peinado responded that they need more time and are actively searching for a tree service company to remove the hazardous tree and will notify me once the work has been scheduled.
- 05/13/2026: Ms. Peinado requested more time to complete the required actions. She was informed that no extension was available at this time and the appeal hearing will proceed on June 2, 2026, and an extension may be considered after the appeal hearing. She was advised to continue scheduling the pre-siding inspections and secure a tree service for removal of the hazardous tree. Ms. Peinado responded to my email and advised they have a consultation scheduled at the property today and they have someone scheduled to evaluate the tree tomorrow. She stated she will provide an update once permits are issued.
- 05/15/2026: I received an email from Ms. Peinado informing me the tree was scheduled to be removed on Monday.

On 4/2/26 Senior Inspector Jazmine Ramirez and this Inspector arrived at this property and observed siding material installed on the backside of units 125 and 126. Upon further investigation, we made contact with both units and confirmed they were both occupied. We spoke with tenant from 126, [REDACTED]. She stated the siding was installed for approximately 6 months to prevent the unhoused from setting up camp. We were unable to speak with a tenant from unit 125 due to underaged children answering the door. A door hanger was left with inspectors contact information. While at this property, we observed active maintenance of old siding being replaced with new siding on all buildings. Photos were taken. A tree was observed growing into the building. This tree caused damage to the fascia and roofing tiles. Photos were taken at the previous property visit for case# E26-04358. JA

I have received the Notice and Order for the property and wanted to inform you that we are in the process of scheduling the presiding report. I am currently reviewing the information with Nicolas, and he will proceed with scheduling shortly. Once we receive the report, we will move forward with pulling the necessary permits. I also have a question regarding the fence. It was installed due to issues with homeless individuals and will be removed once all work is completed. Given that this is a process involving the Building Department, I kindly request an extension of the due date.

Hello Jovanna,

Thank you for your recent communication regarding the Notice and Order. You didn't give a specific timeframe in your request, but I am able to give a 30-day extension, with some contingencies as explained below. Please note it will be your responsibility to proactively contact me prior to the extension's deadline should you require additional time beyond this 30-day extension. At that time you'll need to include a specific amount of additional time needed.

Please be advised that an extension cannot be granted for the emergency egress aspect of the fencing violation. However, if alterations are made to the fencing that would allow the tenants of the affected two bedrooms to safely evacuate through the window and into the common area if needed, I can grant the 30-day extension on the full correction of the fencing violation. At this time, I won't return to the property until Friday May 1st, 2026 to confirm the emergency egress problem has been solved.

Additionally, to proceed with granting this extension, the appeal of the Notice and Order will need to be formally withdrawn – the submitted appeal request (attached) indicated more time was the only concern prompting that appeal. Please discuss this with Bryce or other decision-makers to decide if they want to proceed. If they do, please respond to this email no later than 5pm today. Thank you.

Description: Called Property Management
On 4/24/26 I spoke with Property Manager Jovanna Peinado at 559-375-3218. She stated she would speak with Bryce regarding withdrawing the appeal. She stated that they were instructed to keep the appeal open due to the time required to obtain the permit, and that keeping the appeal in place would give them additional time. I informed her that I am willing to work with them and consider an extension if they withdraw the appeal, since their primary concern appears to be the time needed to secure the siding permit. Ms. Peinado also stated that the fence is necessary to prevent unhoused individuals from entering the property at units 125 and 126. I explained the importance of maintaining emergency egress for the tenants in Unit 125 and that the current fence configuration is a violation. I also explained that the fence can be modified temporarily to allow proper emergency access. Additionally, I informed her that any future fencing would require the appropriate permits. She stated that she will speak with management on Monday regarding modifying the fence to allow emergency egress and will also discuss withdrawing the appeal with Bryce. She plans to provide an update on Monday 4/27/26. JA

**LEGAL AUTHORITIES
CODE ENFORCEMENT CASE NO. E26-04602**

Fresno Municipal Code

SEC. 1-302. - GENERAL ENFORCEMENT AUTHORITY; ENFORCEMENT OFFICERS.

- (a) The City Manager or any of his or her designated enforcing officers as set forth in this Code have the authority and powers necessary to gain compliance with the provisions of the Code and applicable laws. The term "enforcement officers" includes any city employee vested with authority to enforce the Code, which also includes any employee or person under contract with the City Attorney appointed to investigate and/or prosecute violations of this Code. These powers include the power to inspect public and private property and use whatever judicial and administrative remedies are available under the Code or applicable laws.
- (b) Notwithstanding any Code provision otherwise, and in addition to any authority granted the Director or others, but excluding any authority granted solely to the Police Chief or Police Department, the City Attorney, pursuant to Charter section 803(b), shall have the authority and discretion to investigate and prosecute any violations of this Code by administrative citation, civil action, and/or criminal prosecution.
- (c) Where the Director or City Manager has authority to enforce the code or approve regulations to implement or interpret the code, such authority shall also be granted to the City Attorney.

SEC. 1-303. - AUTHORITY TO INSPECT.

To the extent authorized by law, any enforcement officer shall also have authority to enter upon any property or premises to ascertain whether provisions of the Fresno Municipal Code or applicable state codes, regulations, or ordinances are being obeyed, and to make examinations and surveys as may be necessary in the performance of their duties. These may include taking photographs, video, samples, or other physical evidence. All inspections, entries, examinations, and surveys shall be done in a reasonable manner. In circumstances where consent is legally necessary, if an owner, occupant, or agent refuses consent to enter or inspect, the enforcement officer may seek an inspection warrant pursuant to the procedures provided for in Code of Civil Procedure Sections 1822.50 through 1822.59 as may be amended.

SEC. 1-308. - ADMINISTRATIVE CITATIONS AND PENALTIES.

The Council finds that there is a need for an alternative method of enforcement of violations of the Municipal Code. The Council further finds and declares that an appropriate method for enforcement for violations of the Code is the following administrative citation and civil penalty program.

- (a) **Administrative Citation.** Any person violating any provision of the Code may be issued an administrative citation by an enforcement officer as provided in this article. A separate civil penalty for each violation of the Code may be assessed by means of one administrative citation. Violations deemed a threat to health and safety as

defined in this Code or pursuant to Health and Safety Code Section 17920.3 shall be penalized as set forth in the Master Fee Schedule.

- (b) **Contents.** Upon discovering or observing any violation of the Municipal Code, an enforcement officer may issue an administrative citation, in a form approved by the City Attorney, to a violator or property owner, with the following contents:
- (1) Date and location of the violation(s), including the street address, if any, and the approximate time the violation(s) were observed;
 - (2) Section(s) of the Code violated and brief description of how the section(s) are violated; if the citation is for a violation of the Management of Real Property Ordinance set forth in Chapter 10, Article 7, the citation shall include a statement specifying the behaviors which constitute the nuisance.
 - (3) Description of the action required to correct the violation(s), if applicable; and if applicable, the date by which the violation must be corrected.
 - (4) Statement explaining the consequences of failure to correct the violation(s);
 - (5) Amount of penalty imposed for the violation(s);
 - (6) Explanation of how the penalty shall be paid and the time period by which it shall be paid, and the consequences of failure to pay the penalty;
 - (7) Right to contest the contents of the administrative citation and right of appeal, including the name and address of the City Manager for purposes of filing any notice of appeal; and
 - (8) Signature of the enforcement officer.
- (c) **Issuance.** The enforcement officer shall attempt to issue the citation to the responsible party for any violation of this Code. For purposes of issuance of a citation to a business, the citation may be issued to the person in immediate control of the business on site at the time of the issuance of the administrative citation and penalty. The citation officer may, but is not required, to obtain the signature of the person upon whom the citation was issued. The lack of signature shall in no way affect the validity of the citation and subsequent proceedings.
- (d) **Issuance When Unable to Locate Violator.** If the enforcement officer is unable to locate the violator(s) then the administrative citation shall be mailed to the responsible party and property owner, if different than the violator. Administrative citations issued for violations of the provisions in Chapter 10, Article 3 of the Municipal Code (Animal Shelter) shall be mailed to the violator(s) or property owners(s) by first class mail with proof of service. Proof of service shall be documented at the time of service by a declaration under penalty of perjury executed by the person effecting service, declaring the time and manner in which the service was made. All other administrative citations shall be mailed to the violator(s) or property owners(s) by certified and first class mail. The failure of any person with an interest in the property to receive such notice shall not affect the validity of any proceedings taken under this chapter. Notice by the methods described above shall become effective on the date of mailing.

- (e) **Imposition of Penalty.** An administrative citation issued for a violation of a building, plumbing, electrical, or other structural regulation, that does not create an immediate danger to public health or safety, may not be issued until the responsible party has been given a reasonable time to cure, unless immediate citation is warranted under the circumstances or is otherwise permitted by this Code.
- (f) **Appeal.** Any person issued an administrative citation may contest the contents of the administrative citation by filing an appeal under the City's Administrative Ordinance set forth in Article 4. If no appeal is filed within the time prescribed, the penalty shall be final and immediately payable.
- (g) **Penalty.** Except as otherwise set forth in this Code, the Master Fee Schedule shall establish the base schedule for the amount of the civil penalty assessed for code violations, which may vary by types and numbers of violations.
- (h) **Failure to Correct.** If the violator or property owner fails to correct the violation, subsequent administrative citations and penalties may be issued for the same violation(s) or the city may institute any other applicable action permissible under this Code to gain compliance. The amount of the penalty for each subsequent violation of the same Code provision shall increase at a rate specified in this Code.
- (i) **Payment of Fine Without Correction of Violation.** Payment of any penalty shall not excuse the failure to correct the violation nor shall it bar further enforcement action by the city. The failure of any person to pay any penalty assessed by administrative citation within the time specified on the administrative citation shall result in the assessment of an additional late fee to be charged. The amount of the late fee shall be ten percent of the total amount of the civil penalty due and owing.
- (j) **Collection of Penalty.** The city shall collect delinquent and late fees under the provisions of the Cost and Penalty Recovery Ordinance in Chapter 1, Article 5 of the Code.
- (k) **Authority to Issue Administrative Citation.** The following officers and employees have the authority to issue administrative citations and civil penalties: City Manager, City Attorney, Planning and Development Director, Director of Public Utilities, Public Works Director, Police Chief and Fire Chief, and Director of Parks and Recreation and any other person delegated such authority by any of the above.
- (l) **Payment of Penalty and Use of Proceeds.** Except as otherwise provided, all civil penalties assessed shall be payable to the city.

SEC. 1-408. CONDUCT OF HEARING.

- (a) **Continuance.** Upon good cause shown, the hearing officer may continue the hearing by written notice before the scheduled hearing or orally at or during the hearing. Failure of the parties to exchange documents in advance of the hearing does not constitute good cause, and is not a basis for a continuance.
- (b) **Hearing.** At the hearing, the officer or employee who issued the order, citation, decision, or determination or his or her designee shall present evidence in support of the findings or reasons upon which the order, citation, decision, or determination, was based. The appellant, or any individual authorized in writing to represent the

appellant, may then present evidence in support of the contentions made in the notice of appeal. The hearing shall be informally conducted. The hearing officer shall call each hearing and conduct the hearing in an orderly manner. The hearing officer shall maintain control over the order of evidence and order of witnesses called. The hearing officer shall maintain processes and procedures to facilitate an efficient and effective handling of multiple hearings.

- (c) **Rights of Parties.** The parties and anyone who participates in a hearing may be represented by an attorney or other person of the parties' choice. The parties have a right to appear, testify, present evidence, examine and cross-examine witnesses, and present written or oral arguments. Additionally, the parties may request and the hearing officer may allow the parties to submit written briefs, either before, during or after the hearing.
- (d) **Evidence.** All administrative hearings shall be governed by the following rules of evidence:
 - (1) Oral evidence shall be taken only on oath or affirmation which shall be administered by the hearing officer. Only credible testimony shall be considered by the hearing officer.
 - (2) Each party may call and examine witnesses, introduce exhibits, and cross-examine and impeach any witness on any matter relevant to the issues. If the appellant does not testify in his/her own behalf, the appellant may be called and examined as if under cross-examination.
 - (3) Such hearing need not be conducted according to the technical rules of law relating to evidence and witnesses. Any relevant evidence may be admitted if it is the type of evidence on which responsible persons are accustomed to rely on in the conduct of serious affairs, regardless of the existence of any common law rule or statute which might make improper the admission of such evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions.
 - (4) Copies of the reports and records of any governmental agency, division, or bureau will be accepted as evidence in lieu of the original thereof.
- (e) **Scope.** The scope of the hearing shall be limited to the order, citation, decision, or determination being appealed, the grounds for relief raised in the notice of appeal and any specific requirements of this Code. The hearing officer may expand the scope of the hearing on a finding that it is necessary to ensure a fair process.
- (f) **Burden of Proof; Burden of Evidence.** Except where otherwise provided in this Code, the burden of proof and production of evidence shall be with the city. Except where otherwise provided in the Code, the burden of proof shall be preponderance of the evidence.
- (g) **Open to the Public.** All hearings shall be open to the public. Any interested person shall have the right to speak at the hearing subject to the hearing officer's right to exclude irrelevant and unduly repetitious evidence. Notwithstanding the above, the

parties have the right to petition the hearing officer and the hearing officer may in his or her discretion accept submission of evidence outside the presence of the public, if such evidence would not be disclosable under the Public Records Act, California Gov't Code §§ 6250, et seq.

- (h) **Waiver of Rights.** The failure of the appellant or any interested party to raise an objection to the hearing officer either before or during the hearing of any defect in notice or procedure provided under the Code or at law or in equity shall be deemed a waiver of the defect. For purposes of a waiver of objection in this subsection, defect in procedure shall include a claim that the hearing officer is biased when facts regarding the claimed bias are known or readily discoverable by the appellant or interested party or have been published to the appellant or interested party by the city. An objection of bias of the hearing officer shall be raised to the City Manager.
- (i) **Failure of Appellant to Appear.** Unless otherwise provided in the Code, if the appellant fails to appear for the hearing at the time and place noticed, the hearing officer in his or her discretion may conduct the hearing to a conclusion or may dismiss the appeal. If the appeal is dismissed, the order, citation, decision, determination appealed from shall become final and effective on the date of the hearing. Upon a showing of good cause, the hearing officer may set aside his or her decision or dismissal upon the appellant's failure to appear and may reschedule the appeal for hearing.
- (j) **Recording.** Code Enforcement appeal hearings shall be digitally sound recorded and made available for inspection and copying in the City Clerk's Office or on the City Clerk's website. Additionally, the proceedings may also be recorded by a certified shorthand reporter. If an appellant requests a certified shorthand reporter the costs of the reporter shall be borne by the appellant.
- (k) **Ex parte communication.** Other than at the hearing, there shall be no direct oral communication between the parties and the hearing officer on any matter related to the hearing without both parties being present. Any written communication to the hearing officer by a party shall be copied and served to the other party.

SEC. 1-409. HEARING OFFICER AUTHORITY.

- (a) **Order of Attendance or Production.** At the request of either the city or the appellant, the hearing officer or the City Clerk shall, on behalf of the city, issue orders for attendance of witnesses at the hearing, or production of documents on a date certain. In no event shall the date for the production of documents be less than ten days after the date the order was issued. Failure by a party to comply with an order of attendance or production may be considered a violation of this Code and, at the petition of a party, the hearing officer may impose a civil fine of up to one hundred dollars (\$100) at the time of the hearing and may take such failure into consideration in making his or her determination of the hearing.
- (b) **Subpoenas.** At the request of either the city or the appellant, the hearing officer or the City Clerk shall, on behalf of the city, issue subpoenas for attendance of witnesses at the hearing or production of documents on a date certain. In no event shall the date for production of documents be less than ten days from the date the

subpoena was issued. Disobedience of such subpoena or the refusal to testify, upon other than constitutional grounds, shall constitute a misdemeanor.

- (c) **Inspection of Premises.** The hearing officer may inspect the premises involved in the hearing at any time prior to a decision, to investigate or confirm the existence of the violation(s) or conditions which are on appeal, provided that:
 - (1) Consent is granted by a person with the lawful right to grant consent or an inspection warrant is obtained;
 - (2) Reasonable notice of such inspection is given to the owner before the inspection is made;
 - (3) The parties are given an opportunity to be present during the inspection;
 - (4) The hearing officer shall place in the record the material facts and the conclusions drawn from the inspection either orally at the time of the hearing or in writing after the hearing; and
 - (5) Each party then shall have a right to rebut or explain the matters so stated by the hearing officer for the record either at the hearing or by filing a written statement within ten calendar days after the hearing.
- (d) **Oaths.** The hearing officer shall have the power to administer oaths and affirmations.
- (e) **Procedures.** The hearing officer shall have the authority to establish procedures before or during a hearing consistent with this article and the Code for purposes of efficiency and order.
- (f) **Review Authority.** The hearing officer shall sit as the trier of fact and shall rule on questions of law and admissibility of evidence. The hearing officer may affirm, reverse, modify, or set aside the order, citation, decision, or determination appealed from or may delete or impose conditions as the facts and law warrant. The hearing officer may not increase a penalty or impose a harsher remedy beyond the penalty or remedy imposed under the order, citation, decision, or determination being appealed.
 - (1) If the hearing officer finds any nuisance or legal violation set forth in the citation or notice and order is continuing and remains as of the time of the hearing, the hearing officer shall order the record owner and or occupants to repair or otherwise remedy the illegal condition within thirty days from the date of the order. The hearing officer shall set a hearing to occur between thirty and sixty days after the date of the order to confirm whether the record owner and or occupants have made all repairs or remedied all illegal conditions as ordered. If the owner and or occupants show at the subsequent hearing they have made substantial progress, but have not been able to complete repairs or remedy all illegal conditions for reasons beyond their control, the hearing shall be continued to a later date to allow sufficient time to complete repairs or remedy all illegal conditions as ordered. If it is shown at a subsequent hearing the record owner and or occupants have failed to fully repair or otherwise remedy the illegal conditions, the hearing officer shall order payment of double the maximum fines permitted in this code, as well as all

allowable costs and fees. Additionally, the willful failure of the owner and or occupants to timely comply with the hearing officer's order shall be deemed a criminal violation and may be prosecuted as a misdemeanor in superior court, subject to fines and or imprisonment as set forth in Section 1502 of the Charter.

- (g) **Limitations.** The hearing officer shall not have authority to waive any requirements of the Code or law. The hearing officer is required to adhere to any citation amount set in the Code or Master Fee Schedule and may not increase or decrease the amount imposed on the parties, except in cases where the citation amount is more than \$100,000. In those cases alone, the Hearing Officer shall have authority to reduce the citation amount to a reasonable amount not below \$100,000 if, after a thorough legal analysis, the Hearing Officer finds the original citation amount is constitutionally excessive. The parties themselves maintain the discretion to reduce citation amounts in order to independently settle the dispute.
- (h) **Record keeper.** The city shall maintain the administrative record of the hearing and make it available upon request by either party. The record shall be maintained for two years from the date the case is closed and no further appeals are available under the Code or at law.

SEC. 1-601. - ENFORCEMENT OF LOCAL LAWS.

E. Fence Requirements for DT, MX, and CMS Districts. In Downtown and other pedestrian-oriented areas it is of critical importance to create an attractive, active, and comfortable pedestrian environment. It is equally important to secure property and to keep unauthorized people out of private areas. This subsection has been structured to balance these two needs by allowing the entire perimeter of a block or property to be secured by a combination of buildings and fences, while not allowing for suburban-style fenced complexes. Buildings should visually dominate private frontage, with taller fencing filling in the gaps along the street and securing sides and rears of properties as put forth below.

1. Identifying the Front Yard Line. For the purposes of this subsection only, the Front Yard will be considered to be the area between the Front Yard Line and the back of the sidewalk. The Front Yard Line shall be identified as follows:

behind the façade of the primary building and which extends along the entire frontage (the "front yard line").

- d. When there is more than one building along a lot's frontage (as determined by the Review Authority), the front yard line shall be measured from the façade of the building (excluding accessory buildings) along the frontage which is set back the greatest distance.
- e. Front yard fence standards shall apply to all fences within the Front Yard, including those which are parallel or perpendicular to the street and including those which enclose porches, patios, and other such spaces.
- f. A frontage shall not have a Front Yard Line, and all fences on that frontage shall be considered Interior/Rear Yard Fences, if the following circumstances apply:
 - i. The building sits directly at the back of the sidewalk, and no other building exists on that frontage of the lot.
 - ii. The site is occupied by a legal non-conforming parking lot without a building on site.
 - iii. The site is occupied by legal non-conforming buildings which are set back more than 50 feet.

105.1.1 Annual permit. Instead of an individual permit for each alteration to an already approved electrical, gas, mechanical or plumbing installation, the building official is authorized to issue an annual permit upon application therefor to any person, firm or corporation regularly employing one or more qualified trade persons in the building, structure or on the premises owned or operated by the applicant for the permit.

It shall be the duty of the owner or the owner's authorized agent to cause the work to remain visible and able to be accessed for inspection purposes. Hello Jovanna,

A time extension is not available at this time. We will be proceeding with the appeal hearing on June 2nd, 2026. An extension may be considered after the appeal hearing.

In the meantime, please continue with scheduling the required pre-siding inspection(s) on your pre-siding applications so you can move forward with obtaining the permit(s) for the siding installation as well as moving forward with securing the tree service company to address the hazardous tree.

If you have any questions, please feel free to contact me. Thank you.

Hello Jovanna,

Thank you for your recent communication regarding the Notice and Order. You didn't give a specific timeframe in your request, but I am able to give a 30-day extension, with some contingencies as explained below. Please note it will be your responsibility to proactively contact me prior to the extension's deadline should you require additional time beyond this 30-day extension. At that time you'll need to include a specific amount of additional time needed.

Please be advised that an extension cannot be granted for the emergency egress aspect of the fencing violation. However, if alterations are made to the fencing that would allow the tenants of the affected two bedrooms to safely evacuate through the window and into the common area if needed, I can grant the 30-day extension on the full correction of the fencing violation. At this time, I won't return to the property until Friday May 1st, 2026 to confirm the emergency egress problem has been solved.

Additionally, to proceed with granting this extension, the appeal of the Notice and Order will need to be formally withdrawn – the submitted appeal request (attached) indicated more time was the only concern prompting that appeal. Please discuss this with Bryce or other decision-makers to decide if they want to proceed. **If they do, please respond**

to this email no later than 5pm today. Thank you.

I have received the Notice and Order for the property and wanted to inform you that we are in the process of scheduling the presiding report. I am currently reviewing the information with Nicolas, and he will proceed with scheduling shortly.

Once we receive the report, we will move forward with pulling the necessary permits.

I also have a question regarding the fence. It was installed due to issues with homeless individuals and will be removed once all work is completed.

Given that this is a process involving the Building Department, I kindly request an extension of the due date.
