Steven,

Thank you for forwarding the Public Hearing Notice (Notice). for the proposed Costco Commercial Warehouse in Fresno, Ca to Caltrans for review. The Costco Wholesale Corporation (Costco) proposes to construct the Costco Commercial Center, including a new Costco facility with an attached tire center and a detached gas station and drive-through car wash in the City of Fresno. At this time Caltrans has no additional comments regarding the Notice.

Thank you,

Hi Steven,

We are within 10 days of the noticed Planning Commission meeting date for the Costco project, but I have not yet seen that the Final EIR has been released.

I know that for some recent projects the City has taken the approach of treating the FEIR deadline as being 10 days before the City Council meeting date rather than the PC date. However, in 2024 when the project was originally up for review, the Final EIR, RTC, and Findings of Fact and Statement of Overriding Considerations were all part of the materials presented to the Planning Commission.

Can you confirm whether the City intends to publish these materials ahead of the PC meeting date or if the approach will be to wait until 10 days before the scheduled City Council meeting?

Thanks,

Steven,

Is the Public Hearing to discuss the partially recirculated EIR from late last year? Or does the District need to provide new comments?

Thank you,

Is there anything I can do still do to oppose this short of attending and speaking at the hearings? I can't believe this monstrosity is moving forward. It is going to be hazardous in this area with young children walking to and from school, and a senior care facility with 300 beds that has residents cursing around in there electric wheelchairs and pushing walkers.
