Interior Dimensions TOTAL FINISHED AREAS: 7,364 sq. ft. NUMBER OF STORIES: 1 YEAR BUILT: 1955 BASEMENT: 2,208 sq. ft. ARCHITECTURE TYPE: Other		
Date of Construction/Architectural Style 1955 - Other		
Explain any significant alterations Added a handicap accessible ramp in 2023 and men and wormal's restrooms remodeled with handicap assicible stalls in 2024		
Description of the Physical Condition and Appearance		
The building is a well-established church — simple, sturdy, and designed with a sense of symmetry that was common in early-20th-century American religious architecture. A large, cross-shaped window dominates the upper center of the facade. It's the visual anchor of the building and immediately signals its religious purpose.
