Leadership Starts at the Top

When you're an innovator, people take notice. And when the first-of-its-kind becomes a top choice in the industry, the industry follows.

The Presidential Series is the original luxury shingle series created to replicate the appearance of hand-split cedar shakes in the form of premium roofing asphalt.

Presidential Shake® TL
Presidential Shake®

EXECUTIVE STYLE IN A TRUE ORIGINAL

The shade, texture and rustic sculpted edges of each Presidential Series shingle combines to create a sophisticated design that stands far above the rest.

THE LOOK OF WOOD, MINUS THE WORRY

Presidential Series shingles are less costly than cedar shakes, but the benefits don't end there. Unlike wood, these shingles will not rot, and offer the industry's highest fire resistance rating.

PEACE OF MIND

CertainTeed's lifetime limited asphalt shingle warranty is an industry-best, covering ANY manufacturing defect, including aesthetic defects.

The WOW Effect

PRESIDENTIAL SHAKE® TL

Luxurious performance that defines an industry. It doesn't come along often, but when you see it, you know it.

- Now classified as UL 2218 Class 4 Impact Rated
- The only three-layer shingle of its kind in the industry, with more asphalt for stronger protection against weathering and thermal shock.
- Sculpted tabs provide the unique, rustic beauty of hand-split cedar shake roofing
- A wealth of colors capable of achieving any design vision

The Ultimate in Protection

Solaris® CoolRoof

Solar Reflectivity

Solaris® Cool Roof is a sustainable shingle granule technology that applies energy-saving cool roof performance to CertainTeed's most popular shingle brands. Available in rich and authentic colors, including dark hues and tones, Solaris Cool Roof can lower roof temperatures and allow homeowners to reduce cooling costs without sacrificing beauty, quality, or color.

CertaSeal®

Uplift Protection

CertaSeal® is a fast-activating modified asphalt sealant with a 20-year record of proven performance. Designed to seal shingles together upon installation, it protects roofs from wind uplift and shingle blow-off so that homes stay safe and dry. It's also engineered to remain flexible after installation, unlike harder sealants that can dry out and crack over time.

Add a Little Accent to Your Roof

CertainTeed offers Mountain Ridge, a UL Class 4 impact resistant accessory product used for capping hips and ridges. It is the perfect finishing touch for your roof, offering blended color and high-profile design. For the best performance, CertainTeed Presidential Starter is required to be used with these shingles.

Color Companion Products for Flat Roof Areas

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in colors that complement some of the most popular CertainTeed shingles.
