6:05pm

Aponte made a presentation discussing the location of the project, background and applicant proposal, public outreach, Plan consistency, and staff's recommendations.

On behalf of the applicant, Dirk Poeschel spoke on the reasoning behind their location choice, support received in outreach, and the benefits to the community.

One resident voiced support for the proposed project.

Another resident admitted to supporting the project, but had various concerns, particularly with the increased traffic, security risks, and potential risk of an attractive nuisance for the area.

During the rebuttal, Poeschel reiterated the traffic study results were below the threshold of general concern and they wanted to have optimal safety for the children. He reported ongoing communication with the Principal of the neighboring school in the hopes of developing a protocol that helped the whole community. He admitted there was no specific security plan laid out yet, but that they have been in communication with the Police Department to find the best solution. Poeschel reported that the Pinedale community was a micro-neighborhood, and most things are walk-able in their 2 square mile radius. He added that mandatory conditions of the facility to address potential concerns would hopefully be handled by management.

Vang confirmed the hours of operation were Monday-Friday from 8am-6pm and that if there is a market for it, Poeschel added that a potential urgent

care could be added that would be open on Saturdays (in off-peak hours).

Wagner initiated a conversation on a similar situation of medical facility neighboring school but Poeschel admitted he wasn't involved in that project but that those that spearheaded the project took great care in the safety of their community and had an excellent track result over the years.

On motion of Commissioner Wagner, seconded by Commissioner Criner , that the above Action Item be APPROVED. The motion carried by the following vote:

Aye: 6 - Chairperson Vang, Vice Chair Hardie, Commissioner Criner , Commissioner Wagner, Commissioner Bray, and Commissioner Diaz
